

# Male coupling for FLX-HDPE-132-52 oval semi-rigid ducting

## FLX-VNS

### Description

FLX-VNS male couplings are used for joining oval semi-rigid ducts. The plastic couplings are joined with oval ventilation ducting by male connection.

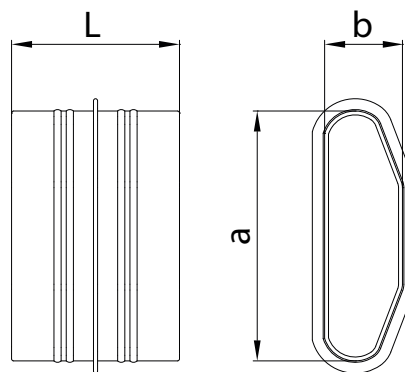

They connect long duct section of the domestic ventilation system with heat recovery.

#### Product code example

Product code: **FLX-VNS**

type \_\_\_\_\_

### Dimensions

Product code	a [mm]	b [mm]	L [mm]
FLX-VNS	122	38	80

The coupling fits the FLX-HDPE-132-52 ducting.
